HANDCRAFTED EXCELLENCE SINCE 1929

Have you heard, *“that if your feet hurt, you hurt all over”*?

- Would you like to get better productivity from your employees?
- Did you know that by placing them in proper fitting shoes and/or boots, supporting their arches and taking the pressure off the balls of their feet and/or their heels, they will not only feel better but produce better?
- And what if we can save them and/or you money at the same time?

Whether you pay for your employees' footwear completely, partially or not at all we can create the program best for you and your employees. Contact me today to set up your commercial account and get your employees' feet feeling better and working harder for you.
